May 2018

Dear Parents / Carers

Re: Wessex Partnership Real world: Computer science event: 19 June 4:30pm to 6:30pm

The next topic for the Wessex Partnership Computer science event is Cyber security. The Trafalgar school at Downton are hosting this event and have arranged wide variety and interesting mix of speakers.

The event is open to all students in year 9 to year 11 and will be of particular interest to anyone already doing computer science or interested in computer science.

Please find below the list of organisations that will be presenting; please contact Mrs. Lane if you would like further information ral@swgs.wilts.sch.uk

- **Police Cyber crime**
- **DSTL Porton,**
- **Syntec,** (A Salisbury based security company)
- **Computing at school**

This is a free event however transport space is limited. If there are more students interested than we have spaces for in the minibus then names will be drawn randomly.

Please complete the slip below and hand into the main office by 23 May. Please still sign and return the form even if your daughter will travel independently.

Yours sincerely

Mrs Rosie Lane
Teacher of Computer Science
