14 June 2017

Dear Parents / Carers

Your daughter has been offered one of 15 places at a 'Twilight' Practical Chemistry session at the University of Southampton Chemistry Department from 3.30 – 6.30pm on Friday 23 June 2017.

We will be leaving School at 2.20pm and will return by 7.30 – 8.00pm. We will travel by school minibus.

This session is aimed at Year 12 Chemistry students who may be planning to study the subject, or a closely related one, at university and will give them an opportunity to carry out an extended piece of practical work. They will extract Trimyrustin from nutmeg using a range of organic lab techniques.

Your daughter will be covered by the school's insurance during this trip; a copy of what is covered under this insurance is available on the main school website. It is important that the school holds current emergency contact details and details of any medical issues concerning your daughter. We kindly ask that you please ensure that your daughter takes all necessary medication with her on the trip.

Please sign and return the permission slip to me by 19 June to secure your daughter's place. Because there are more students studying Chemistry than places, we will draw names from a hat should the number of students interested exceed 15 and confirm those with places by 20 June.

Yours sincerely

Mrs E Aydemir

(Teacher of Chemistry)

**Southampton University 'Twilight' chemistry session**

I give permission for my daughter to attend the Twilight session.

Daughter's name: .....Form: .....

Signed: ..... Date: .....
