I understand that the German girl is in England to experience family life and that we will do our best to make her welcome. I understand that the cost of an exchange is reciprocal and we shall provide all essential food, transport costs etc in England.

2. Pupil's Declaration

I undertake to adapt myself to the customs of my correspondent and family - to treat my partner as I would wish to be treated in Germany, ie to share my activities, outings and entertainments, to ensure I behave in a polite and hospitable way and to make every effort to communicate in German whilst in Germany.

I declare that I have read and understood the Parent's declaration.
