Dear Parent / Guardian

## Re: Science revision sessions

As the GCSEs approach, the Science Department are running some lunch time revision sessions on specific topics that we feel would benefit many of our students. The programme is already well underway, and additional sessions are being added as the need arises.

The remaining current programme is as follows:

4th April	Data Analysis Questions and Practical Questions
23rd April	Go through Biology Paper 3 Past Paper Questions from the first session
26th April	Motors
30th April	Biology Paper 4 Past Paper Questions
3rd May	Biology (Subject to be confirmed at the start of next term)
8th May	Answers to Biology Paper 4 Past Paper Questions
9th May	Electrolysis and Equilibrium

The sessions are run on a range of dates so that there are not the same clashes every week and a member of staff is supported by 6th form science students who can help those year 11 that take part.

We are not making the sessions compulsory; however, we would like to encourage your daughter to attend as we feel these sessions would be of benefit to her revision. Please could you encourage her to attend as many as she is able.

Yours sincerely

Dr K Turnbull  
KS4 Science Coordinator
