

Labour Market Information (LMI) for parents and carers

In many of our PSHE Careers lesson, students focus on using Labour Market Information (LMI) to help:

- Widen career horizons
- Make informed choices about careers

Our aim is for students to understand the features of LMI and to gain independence in using it critically to support them in their course and career choices. A progression model for LMI is below:

Useful LMI websites

There are a number of excellent LMI websites; the three we especially use are below. We really encourage parents and carers to look at these websites with students, in order to help the students make informed choices.
